Dear Sir:

The Committee on Practical Training earnestly requests your cooperation in securing the information requested on the enclosed sheets. It would welcome any additional information you care to send whether printed or written. It would greatly serve the convenience of the Committee if the information asked for is given on the sheets containing the questions.

The Committee would be pleased to have your annual catalogue, and would appreciate very much your placing it on your mailing list.

In anticipation, we are

Very gratefully yours,

Edward A. Fitzpatrick

My dear Sir:

I have just received your letter inviting the University to be represented at the National Conference to be held in New York City on May 12 and 13. At that period the members of the University are very fully engaged in work connected with the closing of the year, and I am afraid that we cannot send any representatives to the Conference.

I am,

Yours sincerely,

President.

My dear Sir:

We are deeply anxious to have a representative of the University of Toronto present at the conference on Universities and Public Service in New York City. We would like very much to have you present personally. If that is not possible would you not name a representative and advise us of your action?

We mailed you a few days ago a copy of the report of the Committee on Practical Training for Public Service to the American Political Science Association. We should be pleased to have any suggestions that grow out of your reading the report. If you wish additional copies of the report, we shall be pleased to pass them along.

Very sincerely yours,

Executive Secretary

Professor F. A. Fitzpatrick,
Box 380, Madison, Wis.

Dear Professor Fitzpatrick:

I have to thank you for two letters together with a report of the committee on practical training for public service issued by the American Political Science Association. I have read your report with interest, and I have found it very suggestive. If you have another copy I should be much obliged if you would let me have one.

In line with work that is being done elsewhere, to which also reference is made in your report, I am sending you a first draft of a ~~course~~ that we are just instituting for social workers under the auspices of the University. It consists of two parts: one within the University, where lectures will be delivered by professors on our staff, the other extramural under the direction of trained workers. I shall be glad to send you in a short time a copy of the course as it will be finally adopted and put into operation next session.

I regret that I am unable to be present at the Conference to be held in New York on Universities and Public Service, but the closing of our session compels me to remain at home, and immediately afterwards I am leaving for Europe. I have spoken to a member of our Political Science staff but at this time also he is fully engaged so that I am afraid we must be without a representative on this occasion.

Yours sincerely,

President.
